AT THE
State Capitol

Water Rally and Press Conference

The California Latino Water Coalition, NAACP, League of Cities Latino Caucus, Nisei Farmers League, along with many others, are working to resolve the state's continuing water crisis. We need your involvement to help turn out a big crowd voicing the importance of finding short-term water supply solutions for 2014 and legislation for building new water infrastructure. We're planning a major legislative event complete with a bipartisan press conference, a rally on the State Capitol steps, and door-to-door visits in the State Capitol.
